Limit of Contingent Bonds Liability Authorized by Constitution and Laws But Unissued	95,452,396
Total Bonds Authorized But Unissued	$229,452,396
Total Additional Bonds to be Authorized if Ratified by Voters	$ 73,000,000
Potential New Estimate of Interest	$ 31,096,000

When money is borrowed by issuing bonds, the State must repay not only the principal amount of the bonds but interest on the amount as well. The amount of interest to be paid will vary depending upon the rate of interest and the years of maturity at the time of issuance; an estimate of the total interest that may reasonably be expected to be paid on the issues submitted herewith for ratification is $31,096,000 if the bonds are issued for the full statutory debt retirement period. The total principal and interest to be repaid over the life of the bonds on the issues submitted herewith if ratified is thus estimated to be $104,096,000. The amount that must be paid in the present fiscal year (July 1, 1988 to June 30, 1989) for debt already outstanding is $41,955,000 in principal and $20,348,367 in interest, a total of $62,303,367.
